By : Mean Well Enterprises Co., Ltd. / Marketing Center

Cixi YUANHUI, selling more than 50 countries in the world and with an annual output of 3 million sets, is the leading producer in LED tri-proof lights. Cixi YUANHUI has three kinds of casting technology for plastic, aluminum and stainless-steel products meeting various customers' needs. Whether a single product or complete sets of equipment, Cixi YUANHUI is focused on providing the market and its customers with the best customized solutions.

In the beginning, Cixi YUANHUI accepted its North American customers' suggestions, and chose MEAN WELL's PSU. To Cixi YUANHUI, quality assurance from laboratory tests is not more trustworthy than the direct response from customers in the market. However, over the years, after feedback from customers, Cixi YUANHUI is convinced that MEAN WELL's products and service can stand the test of time.
