

XLC-MA Firmware change tracking

- Release Notes

Model	Firmware version	Log	Date
XLC-MA series	R2.0 Download	1.Support for serial-number.	2025/04/22

- Frequently Asked Questions

1. How to upgrade the firmware?

A: Add XLC-MA to Apple Home or an Android ecosystem supporting Matter, then perform firmware upgrades through the Apple Home or Android ecosystem. For detailed steps, please refer to the user manual.

2. The new version has been uploaded to the official website, but the Matter system software does not detect an available upgrade?

A: After uploading to the official website, it must also be synchronized to the CSA Alliance DCL ledger, which may involve delays

3. How to check if the latest XLC-MA firmware has been synced to the CSA Alliance ledger?

A: Visit the CSA Alliance DCL ledger to verify.
